IIFT offers an array of programmes starting from Ph.D. to Diploma and Certificate Courses in International Business. But the MBA in International Business offered by IIFT in Delhi and Kolkata still remains the flagship Programme for the Institute. Over 52,000 students apply for the exclusive entrance exam conducted by IIFT every year across the country to compete for 350 places. It indicates the popularity of IIFT as a ‘B-School’. If placement is considered as an indicator, it is not surprising that IIFT has secured 100 per cent placement year after year. The Institute has once again reinforced its standing as one of the elite B-Schools of the country by concluding final placements for the Batch of 2015–17 with an impressive highest compensation in excess of ₹1 Crore p.a. for three students.

With globalization, domestic market has become intertwined with global value chain. In order to address the domestic market, one also needs to understand the nuances of global market. It requires great deal of knowledge and skill in international trade. IIFT consistently meets this challenge by updating its course content and pedagogy to equip its students with the skill-sets required to become effective and capable global managers. IIFT’s endeavour has been widely recognized with various awards over the last few years for its industry relevant course content and scope for sectoral specialization.
